EXPERIENCE

UI/UX Designer   Feb 2025 - Present
Humancloud   *Pune, Maharashtra*

- Designed and redesigned 5+ projects from scratch, handling complete **UI/UX workflows** and delivering user-centric solutions..
- Engaged with stakeholders to **gather requirements**, lead design/code demos, and implement feedback.
- Led client calls with the team, presenting work at both design and development levels.
- **Delivered end-to-end design:** design systems, user flows, sitemaps, wireframes, mockups, and interactive prototypes.
- **Collaborated** with developers for smooth handoff and consistent implementation.
- **Conducted usability** and UI testing to validate and refine designs.
- Currently leading internal platform redesign to enhance UI consistency and user experience.

Freelancer   Dec 2024 - Present
Freelance (MyOneFlow)   *Pune, Maharashtra*

- Experience in redesigning the UI using **Figma**, including creating **wireframes, mockups, and interactive prototypes.**
- Revamped a government e-learning platform, transforming it into a modern, user-friendly interface.
- Collaborated on migrating the application from .NET to React, ensuring design consistency and usability.

Senior Software Engineer   Jun 2023 - Nov 2024
Capgemini   *Pune, Maharashtra*

- Experience in creating visually appealing user interfaces (UI) using tools like **Figma, Adobe XD and Miro**.
- Developed **wireframes, mockups, and prototypes** to communicate design concepts.

- Applied design principles like **typography, color theory, and layout** for cohesive visuals
- Used **UX methodologies**, including **user research and journey mapping**, for better design.
- Focused on **responsive designs** for consistent experiences across devices.
- Conducted **usability testing** and gather feedback to iterate and improve designs.
- Contributed to **brainstorming sessions** to innovate UI/UX solutions.

Software Engineer   Oct 2021 - Jun 2023
Capgemini   *Pune, Maharashtra*

- Build responsive and interactive web interfaces using **HTML5, CSS3, JavaScript and React**.
- Translated **design mockups and wireframes** into high-quality, maintainable HTML and CSS code.
- Implemented responsive design techniques to ensure the **website was mobile-friendly and accessible** on various devices.
- **Collaborated with designers and developers** to implement UI/UX designs into functional web pages. Developed and maintained responsive web applications.
- Worked with version control systems **(Git) to manage and collaborate on code** changes effectively.
- Developed **wireframes, mockups, and prototypes** to communicate design concepts.
- Experience in creating visually appealing user interfaces (UI) using **Figma.**

Analyst   Jan 2021 - Aug 2021
ICICI Bank   *Hyderabad, Telangana*

- Proficient in designing and **executing manual test cases** to validate software functionality.
- Experienced in ensuring **UI consistency and usability** through manual testing.
- Proficient in **API testing** using tools like **Postman**
