EXPERIENCE

UI/UX Designer Numerator	Sep 2025 - Present <i>Remote, India</i>
------------------------------------	--

- Led end-to-end **product design** for responsive web and mobile platforms, including user flows, wireframes, high-fidelity designs, interactive prototypes, and scalable design systems.
- Collaborated with **product owners, stakeholders, marketing teams, developers, and QA teams** to define product strategies, improve user engagement, and deliver user-centric experiences aligned with business goals.
- Contributed to **e-commerce and survey-based product experiences** by designing responsive, conversion-focused interfaces and maintaining consistency across platforms.
- Conducted **usability and UI testing, A/B testing, design reviews, and iterative improvements** based on user feedback and product insights to enhance overall product experience and usability.

UI/UX Designer Humancloud	Feb 2025 - Aug 2025 <i>Pune, Maharashtra</i>
-------------------------------------	---

- Led UI/UX design for **5+ projects**, managing the complete product design lifecycle for responsive web and mobile applications from requirement gathering to final delivery.
- Collaborated directly with clients and product teams to understand **business requirements, define strategies, present design solutions, and iterate based on feedback.**

- Designed scalable user experiences including **user journeys, wireframes, high-fidelity UI designs, prototypes, and design systems** with a focus on usability, accessibility, and consistency.
- Worked closely with developers and QA teams to ensure smooth implementation, design accuracy, and improved overall product experience across platforms.
- Led an internal platform redesign, **improving UI consistency and overall user experience.**

Freelancer

Dec 2024 - Jan 2025

Freelance (MyOneFlow)

Remote, India

- Experience in redesigning the UI using **Figma**, including creating **wireframes, mockups, and interactive prototypes.**
- Redesigned a government e-learning platform, transforming it into a modern, user-friendly interface.
- Collaborated on migrating the application from .NET to React, ensuring design consistency and usability.

Software Engineer - Senior Software Engineer

Oct 2021 - Nov 2024

Capgemini

Pune, Maharashtra

- Redesigned and delivered end-to-end UI/UX solutions for enterprise clients including **HSBC and Barclays, as well as internal projects**, by collaborating with cross-functional teams to create **user flows, wireframes, high-fidelity mockups, and interactive prototypes using Figma, Adobe XD, and Miro.**
- Applied UX methodologies such as **user research, journey mapping, usability testing, and feedback analysis to improve usability, accessibility, and overall user experience.**
- Created **responsive, accessible designs** aligned with **WCAG guidelines**, ensuring consistent experiences across web and multiple devices.
- Converted design mockups into functional, responsive web pages using **HTML5, CSS3, and JavaScript**, enabling accurate implementation and effective collaboration with development teams.
- Conducted **usability testing** and collaborated in **brainstorming sessions** to incorporate feedback and continuously improve UI/UX solutions.

Analyst

Jan 2021 - Aug 2021

ICICI Bank

Hyderabad, Telangana

- Executed manual test cases to validate software functionality.
- Experienced in ensuring UI consistency and usability through manual testing.
- Experience in API testing using tools like Postman.
